**Areas of interest include:**

Impacts of AI — New working models — Skills for the future workforce — Automation

Wellbeing at work — Gig economy — Future workspaces

**The APPG on the Future of Work aims to advance:**

1. understanding about the impacts of technology on work
2. dialogue and collaboration between government, business, unions and academics
3. practical solutions in response to key challenges and opportunities aimed at shaping a future of better work through the Fourth Industrial Revolution.

## Membership

The APPG on the Future of Work welcomes new members from industry, charities, academia and civil society organisations to take part in the Group's activities through sharing ideas, evidence and practical solutions that will shape a future of better work across the UK.

The annual membership fee\* helps to support the operational costs of running the APPG. Without these contributions we would not be able to provide the activities we deliver. Each member organisation receives one free ticket to our events and two complimentary tickets to our annual conference.
